10. Has the wall/ceiling where the hood is to be placed been properly reinforced to bear its weight?  
(see product specifications) yes  no

---

## Ovens, Warming Drawers and Speed Ovens

#### Model #

1. Has the cabinet(s) been built/cut to size? (see product specifications) yes  no
2. Is there an electrical receptacle installed where the product is to be installed?  
(see product specifications) yes  no
3. Would you like to order a Trim kit for the Speed oven? yes  no
4. For Moisture Plus appliances, is there a 3/8 supply line with accessible shut off valve?  
(see product specifications) yes  no

## Cooktops

### Electric – Model #

---

1. Is the proper electrical provided where the cooktop is to be installed?  
(see product specifications) yes  no
2. Has the counter been cut to size? (see product specifications) yes  no

### Gas – Model #

---

1. Is there a gas line where the appliance is to be installed? yes  no
  2. If not, would you like one installed? yes  no
  3. Is there a proper shut off valve? yes  no
  4. Has the counter been cut to size? (see product specifications) yes  no
  5. Is there a 110V electrical receptacle where the cooktop is to be installed? yes  no
- 

## Steam Ovens

### Model #

---

1. Is there an electrical receptacle and proper electrical source where the steam oven is to be installed?  
(see product specifications) yes  no
  2. PLUMBED VERSIONS – Is there 3/8 accesible shut off valve and a 3/4" drain roughed in?  
(see product specifications) yes  no
  3. Has the cabinet been cut to proper size? yes  no
- 

## Coffee Makers

### Model #

---

1.

1. Is there an electrical receptacle and proper electrical source where the coffee maker is to be installed?  
(see product specifications) yes  no
2. PLUMBED VERSION – Is there an accessible 1/4" water supply line with a shut off roughed in?  
(see product specifications) yes  no
3. Has the cabinet been cut to proper size? yes  no

## MasterCool II

**Model #**

---

1. What is your niche depth (in)? \_\_\_\_\_
  2. What is your cabinet height (in)? \_\_\_\_\_
  3. What is your cabinet width (in)? \_\_\_\_\_
  4. Do you have a electrical supply 120VAC? yes  no
  5. Where is your electrical located behind the fridge?  
(For combo unit installations: Is their a separate breaker per unit?) yes  no
  6. Is the water line roughed in at ¼" with an accessible shut off valve? yes  no
